Paradigm Windows

5-SERIES PATIO DOOR

Unmatched Durability and Style:

Paradigm's 5-Series patio door seamlessly blends vinyl durability with a stylish, modern aesthetic. Our 5-Series, white vinyl patio door comes in standard sizes. Engineered for effortless installation, this patio door provides exceptional craftsmanship and delivers the performance expected from a Paradigm product.

Screen: Easy slide locking screens with adjustable rollers.

Key System Features:

- 4 $\frac{7}{8}$ " welded vinyl frame
- Components easily installed and replaceable
- Stainless steel roller track
- Doors are easily and completely reversible
- Adjustable nylon tandem ball-bearing rollers
- 1" sealed units for optimal thermal performance
- Available with standard handles in white
- Standard Glazing

Performance:

- Our dual-glazed package meets ENERGY STAR program guidelines for environmental protection and superior energy efficiency.
- High-performance glazing with Low-E glass and Super Spacer® technology. Stays cool in summer. Stays warm in winter.
- Double perimeter seal for superior air-tightness
- Reinforced with steel to withstand high wind loads

Handle:

8-SERIES PATIO DOOR

Reliability Redefined:

Paradigm's 8-Series patio door unites dependability, security, beauty, and durability. Experience effortless operation as fully interlocking panels glide on dual tandem rollers. Enjoy year-round comfort with energy-saving climate control glazing for superior insulation against all types of weather.

Our 8-Series vinyl patio door comes fully assembled or ready to assemble. Available in six color options, standard sizes and a number of different handle set options for you to choose from, the 8-Series patio door is built to perform.

Sizes and Configurations Available:

2, 3 and 4 panel options – stock and custom sizes.

- Fixed Panel
- × Opening Panel

Screen: Easy slide locking screens with adjustable rollers.

Handle Options:

Look handle (standard)

View handle (option)

Construction:

Our vinyl patio door has wood inserts in the jambs for added strength and easier installation (A). It comes standard with jamb pocket fillers (B), quick-draining sill, an anodized aluminum sill cover (C), and a twin-point lock. This door features welded sashes with interior glazing stops (D).

Blinds Between the Glass:

Built-in blinds with fingertip control of privacy and natural light offer all the benefits of typical blinds, without the dusting or swinging of cords.

Available in white
